DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The communication filed on 03/09/04 is not fully responsive to the communication mailed 02/05/04 for the reason(s) set forth on the attached Notice to Comply With the Sequence Rules and/or CRF Diskette Problem Report. In addition, 37 CFR 1.821 (a)(2)(d) states that each sequence disclosed must appear separately in the "Sequence listing", and referenced appropriately in the text of the description and the claims whenever described. See MPEP 2422 & 2431. In other words, pages 16 & 20 (i.e., as it relates to Figure 3) of the specification must be amended to indicate the appropriate SEQ ID NO, etc. Applicant must comply with the requirements of the sequence rules (37 CFR 1.821 - 1.825) before the application can be examined under 35 U.S.C. §§ 131 and 132.

Since the response appears to be bona fide, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment under 37 CFR 1.821(g). EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a) from the date of the original 02/05/04 communication. In no case may an applicant extend the period for response beyond the six month statutory period.

Any inquiry concerning this communication should be directed to Examiner Robert C. Hayes, Art Unit 1647, whose telephone number is 571-272-0885.
